---

Our objective is the following:

**TO PROVIDE SCHOOLING OPPORTUNITIES FOR 3,000 CHILDREN !**

This is why we ask each crew to bring with them two satchels /schoolbags and two sports-bags.

The organisers will register the gifts at the Departure Villages with the help of lists provided by the students detailing the materials they are taking.

With the help of your contribution, we aim to take several hundred satchels / schoolbags this year.

**Do not little streams great rivers make ?**

Enfants du Désert and Désertours work all year round with a dozen or so local NGOs. Our aim is to support their actions in support of children.
