

For the third year, the crews and Moroccan children will be invited to a **Solidarity Village**,

created by the organisers.

**Your gifts will be handed over and the occasion will be a great opportunity to share and to express solidarity.**

Throughout the day, our doctors will hold educational sessions on hygiene for the children living in desert zones.

At this Solidarity Village in Merzouga, your packages will be presented to the associations working in the southern region of Erfoud. Enfants du Désert, in conjunction with many other NGOs, will then ensure that these gifts are delivered to the children.
