To support the 4L Trophy first-aid doctors and **to ensure maximum safety** for the 2,000 participants, a

Mobil

e First Aid Unit

(UMPS 91) will provide medical assistance

at the medical command post

of each bivouac, as soon as the first competitors arrive.

Find out more: [site web UMPS](#)

The Institut des Hautes Études d'Ostéopathie (IDHEO) is a private, registered higher education establishment, based in Nantes. **A group its students will, for the second year, be on hand to provide manual osteopathic care to participants on a daily basis during their time in Morocco.**
